BOWLAND TRANSIT CLUB

BOWLAND TRANSIT CLUB Newsletter 10 - August 2009

Thanks to Ian, John, Ron and Richard for volunteering to lead walks during the summer season. We could do with more volunteers to lead walks during winter. The shorter daylight hours means that shorter walks of three or four miles would be the norm. Is there anyone out there prepared to lead these shorter walks?

As usual, the summer walks were blighted with bad weather; on two occasions the walks were abandoned due to heavy rain. Luckily this year the disruption to the bus services by the activities of United Utilities only affected one of the scheduled walks. Hopefully, there will be none next year when they have promised to heal the scar they have made on the landscape.

Dates for your Diary:

1. National Heritage Week is at the beginning of September. Details on the National Heritage Website - www.heritageweek.ie/
2. There is a "Bat Walk" on Friday, 04 September, 7.30 - 9.30 pm at Brungerley Park, Clitheroe.
3. The Pendle Walking Festival runs from 05 to 13 September.
4. The Hodder Valley Show is on Saturday, 12 September.
5. It is rumoured that there is to be an open meeting of the Ribble Valley Transport Forum sometime in October. Keep an eye out for it - we need to be vigilant about meetings which could affect Bowland Transport!

HAPPY WALKING

Brian
